NutriOriginal

Botanicals from Around the Globe

NutriOriginal has stablished multiple relationships around the world with cultivators, harvestors and processors that provide us with a broad number of botanical ingredients. Once the botanical has been harvested, we make dried powder, tea bag cut sizes or standarized extracts.

Dried Powders

Tea Bag Cuts

Ethanolic Extracts

Under the Food Safety Modernization Act of 2011 ("FSMA") we take responsibility for developing Foreign Supplier Verification Programs (FSVPs) to assure that our manufacturing partners are producing under compliance of section 419 (Standards for Produce Safety) of the Federal Food, Drug, and Cosmetic Act. These ingredients are imported into our dedicated warehouse in Fairfield, NJ, from where we supply nationwide in accordance with our partners requirements.

01 INDIA

- Adhatoda *(Justicia adhatoda)*
- Amla *(Phyllantus emblica)*
- Andrographis *(Andrographis paniculata)*
- Ashwagandha *(Withania Somnifera)*
- Bacopa *(Bacopa Monnieri)*
